

Growing Missouri Fundraisers

NEW APPROACH MISSOURI

SPRINGFIELD

MARCH 2018 SPEAKER SERIES

MARCH 28, 2018

John Hunt

Cannabis Industry Professional

Working in the Cannabis Industry

Springfield Brewing Company

301-305 S. Market, Springfield, MO 65806

5:30 pm to 7:30 pm

Tickets: \$100*

Seating limited to 80 attendees.

John Hunt has been involved with the Colorado cannabis regulated market since 2008 as a patient and caregiver. After setting up the first licensed cannabis testing facility, **Steep Hill Labs**, in Denver, he set out to expand his portfolio into the dispensary, cultivation, and extraction market. He works in numerous states with different brands for business development, logistics, and branding.

Currently he is working with a group to become licensed in Conway, AR, and has been a cannabis advocate for the Missouri movement for the past four years. He has a background in accounting, business management, and cultivation. He is also a partner in **Hunt's Harvest Nutes** which manufactures and distributes nutrients for cultivation of all plants nationwide. John is from St. Louis, MO and has spent the last 10 years in Colorado.

MARCH 29, 2018

Dr. Jason Strotheide

Noah's Arc Owner

Owning a Cannabis Business

Metropolitan Grill & Vespa Kitchen

2931 E. Battlefield St., Springfield, MO 65804

5:30 pm to 7:30 pm

Tickets: \$250

Seating limited to 40 attendees.

Dr. Jason Strotheide is the founder and president of **Noah's Arc Foundation of Missouri** (NAFMO) which is one of two Missouri license holders for the growing and extraction of Industrial Hemp and manufacturing/dispensing of CBD oil. From the outset, NAFMO has strived to be the "gold standard" for environmentally conscious cultivation, extraction, and manufacturing in Missouri. This is evidenced by their partnering with one of, if not the most, well respected cannabis consults, **Elite Cannabis Enterprises**. From the outset and by design, Elysia (NAFMO's CBD oil), is ultra-pure, ultra-clean, and possesses a strong and broad terpene profile.

As the founder and CEO of an FDA-registered and Health Canada approved nutraceutical company, Dr. Strotheide possesses a wealth of knowledge and expertise relating to federal manufacturing guidelines/standards, quality assurance, quality control, and lot/batch control.
